Moose Permits to be Issued in Minto & Nenana

Registration Permit hunts return to Minto Flats

Registration permits for moose in the Minto Flats Management Area in Unit 20B will be issued January 4, 2006 in Minto and Nenana.

In 2004, Registration Permit hunt RM785 replaced the Tier II subsistence hunt for moose held in the Minto Flats in previous years.

"The Board of Game decided that the moose population and harvestable surplus are high enough that it's appropriate to allow a registration hunt to take place," said Area Biologist Don Young. "This is a limited registration permit hunt, and we'll offer only 70 permits for the winter hunt."

The winter registration permit season is scheduled for January 10-February 28 with a bag limit of one moose per hunter. If hunters have killed a moose anywhere in Alaska after July 1, 2005, they are not eligible for this hunt.

Beginning at 10:00 am on January 4, forty-two permits will be issued at the Lakeview Lodge in Minto and twenty-eight permits will be issued at the Nenana Senior Center at Third and B Streets. All permits are issued on a first come, first served basis.

Hunters must register in person for the permits, and must have a 2006 hunting license. Only Alaska residents qualify for the permits, which will be limited to one per household. Lines will originate outside the doors of the Minto Lakeview Lodge and the Nenana Senior Center. Individuals must physically maintain their own place in line. Lists of names or numbers will not be honored.

Hunters with questions can call 459-7233 or 459-7206 for more information.
